PSTC-CCT Radio Station Group Chosen

WNTC TO BE CALL LETTERS

Dr. Wilmer K. Trauger, in charge of P.S.T.C. Radio Activities, announces the appointment of Mary Smith, Bill Moonan, Elisabeth Bailey, Carolyn Longfritz, and Art May to the CCT—PSTC Radio Station Constitutional Committee. The Clarkson Representatives appointed are Dan Weinberg, Lionel Hoffman, Leo Thompson, Tom Harris, and Ron Elliott.

This joint committee has been chosen to set up the student management and control of the station, with sub-committees and faculty advisors to carry on the various phases of broadcasting, such as programming, engineering, and business.

Dan Weinberg, general chairman of the Clarkson Committee, announced that the sample constitution and building plans arrived from I. B. S. These were requested by the eight-member committee, headed by Dr. Frederick W. Crumb and Mr. Jess Davis, which met during the summer to approve the radio station.

In a letter received last week from the Intercollegiate Broadcast System, it was learned the C. C. T.—P. S. T. C. Radio Station has been assigned the called letters, WNTC. These letters formerly designed a television station of the National Broadcasting System.
